Supplies Provided:

- Rainbow arch cardboard cut-out
- 4 Colored yarn bundles
- 2 White yarn bundles

Additional supplies needed:

- Scissors
- Measuring tape or ruler

Step-by-Step Guide:

Step #1: Attach two white yarn fringe clouds onto your rainbow arch cardboard cut-out.

- The 2 white yarn bundles have 5 strings of yarn each.
- Take one bundle and fold it in half, creating a loop.
- Pull the loop through one of the squares at the bottom of the rainbow arch cardboard cut-out (#1).
- Insert the yarn ends through the loop (#2) and gently pull them until you have a knot...**Be careful as you don't want to rip the cardboard.**
- Repeat steps with the second white yarn bundle, inserting the yarn into the other side of the rainbow arch.
- Once you've pulled all of the yarn ends through the knots, trim the yarn ends, making both clouds the same length (#3).

Step #2: Wrap colored yarn around the rainbow arch cardboard cut-out.

- First, choose the order of yarn colors for your rainbow, then you can begin wrapping your first color.

TIP: Cut a 12 inch string of the yarn color which will be at the top position of your rainbow arch. Your last step will be to use this string to create a hanger for your rainbow.

- Before you begin wrapping, extend a short strip of the yarn (about 1 inch) along the cardboard (#4). The yarn will be secured in place once you begin wrapping the cardboard arch.
- Repeat this step with each color until you've completely wrapped the cardboard arch.
- Once you've reached the end with the final color of yarn, loop the end of the string through one of the wrapped yarn strings and tie a knot (#5). Trim the end of the string and tuck the knot under the wrapped strings to conceal it.
- Now, take the 12 inch piece of string you saved -- which is the color that's on the top portion of the rainbows arch -- and wrap it around. Tie a knot at the base of the string touching the top of the rainbow, and another knot at the end of the two strings (#6) -- this will be your rainbows hanger.

Use your new No-Sew Yarn Rainbow as a door knob or wall decor to brighten your day!
