### Additional supplies you'll need:

## Step-by-Step Instructions: Bookmark Tassel

The kit includes a yarn bundle with 1 long piece of yarn (about 160 inches) & 3 shorter pieces of yarn.

- Wrap the long piece of yarn around the cardboard square (it should wrap about 25 times).
- Take one of the shorter yarn pieces & slide it under all of the yarn at the top of one side, then double knot it.
- At the opposite side, cut the yarn.
- To make the head of the tassel, take a second short yarn piece, wrap it underneath the top section & tightly double knot it.
- Then, tightly double knot the last piece of yarn underneath the previous one. This will create a nice top for your tassel.
- Trim all of the excess yarn & scraggly ends.

Your tassel is now ready to decorate your colored bookmark!

## Step-by-Step Instructions: 'Under the Sea' Sun Catcher (w/decorative beads)

- Using the mason jar lid, trace a circle on the art page & then color that part of the page.
- Cut out your art circle, inside the line so that the art fits inside the lid.
- Use the cotton ball to apply oil to both sides of your art page.

This will create a transparent surface which will help to let in the light & show off the colors!

- Let your art page dry for 5 minutes.
- Now, take the cord string & double knot it around the rim of the lid.
- Use your Q-tip & apply a layer of glue to the inside rim of the lid & then insert your art circle.

Be sure to position the top of your art circle below the string.

- Let the glue dry for 5 minutes.
- Now, insert the beads onto onto the string.
- Create a loop at the top of the string & tie a knot.

Now your 'Under The Sea' Sun Catcher is ready to hang up & decorate your favorite spot!
