Ghost Tassel

- Wrap 1 pre-cut white yarn bundle around the tassel board 40 times.
- Once the yarn is fully wrapped, carefully slide the yarn from the tassel board and slide a pencil into the top of the yarn loops – This will make it easier for you later to slide the single piece of yarn for the garland.
- Now, take one of the pre-cut 20 inch medium pieces of white yarn and tie it around the whole bunch of wrapped yarn, just below the pencil.
- Slide the pencil out of the top loop of the yarn bundle and pull one of the pre-cut 8-10 inch small white yarn pieces through the top loop.
- Knot the end of the yarn piece, creating another loop.
- Now, to create the tassel, cut through the loops at the opposite end of the yarn bundle.
- Take your scissors and trim the ends to make the bottom even.
- With your hole punch and the black square of paper, punch out 3 dots.
- Take your hot glue gun and apply glue to the black dots and press them to the top of your tassel, creating the ghost face.
- Repeat the steps for the remaining white yarn bundles.

Pumpkin Pompom

- Wrap an orange yarn ball around the small pompom board 100 times.
- On one side of the pompom board, slide the pre-cut 13 inch green yarn through the middle of orange yarn & tie the green yarn tightly around it.
- Now, slide the wrapped orange yarn bunch off of the pompom board & cut through the center of the untied side of the yarn bunch.
- Trim the yarn until it's the size and shape you want your pompom to be.

DO NOT TRIM THE GREEN YARN!

- Once your pompom is trimmed, then tie the ends of the green yarn together to make a loop to later add to the garland.
- Repeat all steps with the second orange yarn ball.
